

# XXII LIPID MEETING LEIPZIG

Leipzig, Germany | December 9–11, 2021

## HYGIENE CONCEPT (RV – Recovered or Vaccinated)

The Lipid Meeting 2021 will take place in the Bio City Leipzig in compliance with the currently applicable Saxon Corona Protection Ordinance.

The use of the conference rooms in the commercial part of the Bio City is subject to the current requirements of the Saxon Corona Protection Ordinance at the time of the event. The same applies to the use of the lobby and the atrium.

Basically, the event-related safety and hygiene concept is based on the following principles and will not be changed:

RV regulation (**Recovered or Vaccinated**), hygiene, distance and contact tracking.

### Entrance

The congress may only be attended by the following people with prior registration:

- Vaccinated people who can prove that their last required vaccination was at least 14 days ago.
- Recovered people who can prove a positive PCR test result more than six months ago and who have received at least one vaccination and whose vaccination can be proven to have taken place at least 14 days ago.
- Recovered individuals who can demonstrate a positive PCR test result at least 28 days and no more than six months ago.

Any proof should preferably be presented in digital form (e.g. CovPass, Corona warning app).

When planning your visit, please keep in mind that admission may take longer than usual.

For the protection of all visitors, we reserve the right to exclude guests with noticeable symptoms, such as cough, fever, cold, general weakness, diarrhea, smell and taste disturbance from the event.

The cough and sneeze etiquette must be considered and followed.

Entrance via the front glass door.

Exit via the back doors or side exit.

### SCIENTIFIC ORGANIZERS

Prof. Dr. Berend Isermann  
Prof. Dr. Uta Ceglarek  
Institute of Laboratory Medicine,  
Clinical Chemistry and Molecular  
Diagnostics, Medical Faculty

Prof. Dr. Ulrich Laufs  
Clinic and Polyclinic for Cardiology,  
University Hospital Leipzig

Prof. Dr. Matthias Blüher  
Helmholtz Institute for Metabolism,  
Obesity and Vascular Research  
(HI-MAG)  
Helmholtz Center Munich at the  
University of Leipzig and the  
University Hospital Leipzig A&R

# XXII LIPID MEETING LEIPZIG

Leipzig, Germany | December 9–11, 2021

## Mouth-to-nose coverage

- All visitors must wear at least one medical mask inside the building and in designated areas. As well as in the entrance in front of the Bio City.
- Seating in the lecture rooms must require the wearing of the medical mask due to the safety distance.
- The mouth-nose covering can be removed for eating and drinking.

Please understand that, for the protection of all visitors, we do not accept certificates of exemption from wearing a mouth-nose covering.

## Distance

- A distance of 1.5m must be maintained between people.
- Please keep the distance to other participants especially at the entrance, at counters and the buffet.
- Compliance with the minimum distances in the lecture rooms is ensured by the appropriate seating.
- Sufficiently wide aisles have been planned within the industrial exhibition.

## General

- Pay attention to the signs on site.
- Avoid direct contact with other people (no handshaking, no physical contact).
- Wash or disinfect hands regularly. There are sufficient disinfectant dispensers available in the BioCity

## The safety concept at a glance

- 100% fresh air supplied
- floor markings
- implementing and ensuring compliance with all applicable (hygiene) guidelines
- intensified cleaning intervals and special hygiene concept for catering
- wearing of medical mouth and nose protection
- sufficient hand disinfection stations
- Everyone has to proof that they are **vaccinated or recovered**

These measures include 100% fresh air supplied to the exhibition halls, spacious hall and entrance designs to ensure that minimum distancing requirements can be maintained, intensive cleaning measures, a special hygiene concept for catering and food services, and the proven method of wearing face masks. To gain admission to events on the exhibition grounds, each participant must demonstrate that they are not infected with the SARS-CoV-2 coronavirus. Everyone must present **proof of vaccination or recovery**. In addition, the online ticketing process requires full registration that makes it possible to properly trace contacts should this be necessary.
